Hello GCC Family,

It has been ten months now since the country, mostly shut down due to COVID-19. In that time, maybe you've had socially distanced walks with friends, dined outdoors over the summer, and probably spent way too much time on Zoom and other electronics. But, despite our best efforts, it's fair to say that 2020 has been a year of isolation for the vast majority of people. That's been really hard to cope with—and only got harder during the holiday season as many follow the CDC advice to stay home and not gather with family and friends. We hope everyone had a safe holiday. It looks like 2021 is working hard to distribute the vaccine for this pandemic. Of course, it's by choice to get it from what I'm told. I'm glad the front-line workers are the priority. Perhaps we can start to get back to some normalcy.

At the time of this publication going out, I'm hoping to continue with the To-go menu for Fridays and Saturday throughout the month of January. As you may be aware, we are working on some projects. These projects include carpet in the clubhouse and the work on the golf course Bunkers and trees. The club staff is excited to get back to work to make the entire 2021 season a huge success. The TEAM (together everyone achieves more) concept is full steam ahead. We look forward to welcoming everyone back Friday February 5th and please mark your calendars for the Valentine Dinner on the 13th. Until then, see you at your club.
