“Where Families Come to Play”

Dear Valued Members of Greensburg Country Club,

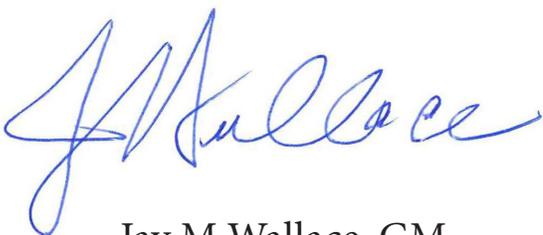

As we all go through the COVID-19 crisis, I would like to thank all the members who have continued to support our Club with their Take-out orders; every bit helps. I would also like to thank all the staff members who have been able to come to work and provide this small amenity to our members. We hope that this service has provided some enjoyment for our members and staff. Thank you to the owners for allowing some of the employees to continue working during this time of crisis; our staff appreciates all you have done.

90% of all restaurants closed down due to COVID-19, including ours. As you probably know, this has created a hardship for many industry workers, especially those that rely on tips. Most of Greensburg Country Club's hourly employees have been furloughed along with some of the salaried staff. This will likely continue until the government allows our employees to come back to work.

At this time, I would like to thank the several members who have contributed monies to the Employee Contribution Fund started at the Club. These funds are to be distributed to our valued team members that have been furloughed due to the crisis and are struggling with their expenses. All of these funds will go to staff members that need help financially.

There is no obligation on the part of any member to contribute to this fund. We just wanted to let you know that if you were looking for an opportunity to help, we do have a mechanism in place for you to do so. If you would like to contribute towards the Employee Contribution Fund, please let me or Jason Hopkinson at jh@greensburgcc.com, know directly.

Thank you for your generous support

Jay M Wallace, GM

BrightView Golf Course Maintenance Update from Tobin

With the current challenges and course closures across the country, BrightView is working with Greensburg Country Club to provide a modified maintenance program until we are all back to a business as usual scenario.

These programs are designed to provide essential maintenance practices at a reduced level to keep the golf courses in a holding pattern until we are clear to reopen. The programs will allow the courses to resume play within a short timeline

The golf maintenance team at Greensburg Country Club are committed to following the CDC guidelines for social distancing and COVID-19 mitigation.
